DEATH BY VIOLENCE

Squire Norris at Last Gives a Decision.

HARD TO FIND THE MURDERER

Irondale People Want Justice Done, but the Man Who Did the Deed Is Saying Nothing, and There Is No Evidence to Warrant an Arrest.

After several months investigation and careful study of the evidence at hand Squire Norris has decided that David G. Rogers, whose body was found in Yellow Creek township early in February came to his death by violence.

The verdict was decided upon yesterday, and after being duly made out was sent to the authorities in Lisbon. It states that Rogers was killed, but the crime is fastened upon no particular person or persons. In speaking of the case, Squire Norris said that he was in possession of a large amount of information that had not been given to the public. Chief among this can be found the statements of the doctors who examined the body when it was found that cold morning last winter. The acting coroner could not understand how a man with a broken shoulder and a fractured skull could remove his coat, neither could he see how these injuries could come from a fall on the slippery road. When these facts appeared the investigation was pushed, but no more could be learned. The county authorities took the case in hand, and the companions of Rogers were closely watched. On one occasion an Irondale man was secured to take the men into a saloon, and there talk the case over while a trio of carefully selected men were concealed in a room nearby waiting for developments. The plan was well arranged, and might have borne good fruit had not the principal figure, who was expected to obtain the information, been the first man to go down under the influence of drink. Other attempts were made to gather information, but to the present time nothing definite is known. The authorities feel confident that Rogers was murdered but they are unable to lay the crime at any man's door. The Irondale people think the case should be sifted to the bottom, and would like to see detectives employed without delay. Squire Norris feels confident that murder was done, and has a strong suspicion that he can lay his hands upon the men who are guilty, but he does not possess the proof, and is wisely keeping his thoughts to himself.

Some circumstances connected with the case cause the friends of Rogers to think that arrests should be made, but the authorities have been waiting for the verdict. Now that it has been given it is probable that the sheriff and his men will have work in Yellow Creek township. Squire Norris has little hope of ever seeing the murderer brought to justice.

Prosecutor Speaker was interviewed by the News Review correspondent in Lisbon today, and said that the facts in their possession were few. It would be a difficult task to fasten the crime on anyone, he thought, and he did not view the chances of finding the murderer as being very bright.

IN POLICE COURT.

The Bashor Family Row—A Plain Drunk Fined.

On Sunday evening William Bashor, whose family moved here from Beaver county, endeavored to take some alleged silverware from his house. William Fleming, a stepson, objected, because Mrs. Bashor, on informally severing the marital ties with the portly William, had ordered that none of the stuff be removed. The outcome of the dispute was that William and William were soon doing the Siamese twin act with the result that the younger Bill had his countenance frescoed in anarchistic colors. Fleming sued Bashor for assault and battery in Squire Rose's court and Constable Lyons arrested him. He was released for a hearing tomorrow morning. Bashor has a charge of assault and battery against Fleming in mayor's court.

Edward Harrison was found drunk on the hill back of Jethro by Officer Badgley last night. He paid the mayor \$5.00 today.

DENIES THE CHARGE.

Mrs. Butler Makes a Statement of Her Position.

Mrs. Butler, employed as a domestic on Forest street, denies the charges made by her husband in a local paper last night.

She says that she has been grossly misrepresented, and there is no truth

in the story. They have constantly failed to agree during four or five years, and her husband has been jealous of her. She has worked in a pottery to add to the family store, being unable to keep boarders because of her husband's jealous nature. Bennett she says does not board in the same house with her, in fact he is not in town. Taken all in all Mrs. Butler denies the story of her husband and charges him with ill treating her, and being of a jealous disposition.

WHO WILL THEY BE?

Mayor Gilbert Will Make His Appointments Tonight.

A rumor was abroad this afternoon that Mayor Gilbert would ask the resignation of each officer on the force in order to send in his list without hindrance tonight. The mayor says he has taken no such action but will recommend his men to the new council and they will go on duty tomorrow morning while any of the present policemen whose names are not on the list, if any, must give way as each man was appointed for only one year and his time is up.

CALL WELCH DOWN.

What Right Has Such a Man To Be An Officer.

Special Officer Welch disgraces the position he occupies as an officer of this city. Last night he accosted a reporter of the News Review and, in language horribly filthy and profane, threatened to mash the face of certain parties connected with the News Review, unless an apology was made in today's issue. Officer Welch has already made himself the laughing stock of our citizens, while his past record has been of an unsavory nature. He will be allowed no apology on the part of the management of the News Review, and if he dare attempt to carry his threat of face mashing into execution, he will be accorded the treatment which should always be tendered to roughs and toughs. Let him beware of threats and assaults. His position should be declared vacant.

FOR EASTER.

Ladies of East Liverpool Will Be Very Much Interested.

Ladies, you should not fail to see the elegant hats and bonnets which are now on exhibition at Mrs. Allison's. She has made special preparations for Easter, and you will find the newest and prettiest styles at her Market street establishment—styles which are all the rage in the fashionable circles of the East and in the larger cities. Mrs. Allison has in her employ one of the most skillful trimmers in this section of country, a lady of rare good taste, who cannot fail in winning the warm commendation of our lady readers. Very reasonable prices control. Don't fail to call and inspect goods and prices, or you will regret it when time passes.

Stepped on a Nail.

Miss Venna McHenry, of Jackson street, was so unfortunate as to step on a nail yesterday, inflicting a nasty wound on the young lady's foot. Miss McHenry has been engaged with the ladies drill squad, which will appear at the bean bake at the rink tonight, and the accident has incapacitated her for duty. An estimable young lady who was formerly engaged with the brigade, when it drilled for the Ladies' auxiliary to the Young Men's Christian association, has kindly consented to take Miss McHenry's place in the company.

A Lively Election.

The result of the school election held in the second district of Madison township yesterday was a victory for the people who want the school houses to remain as they are. The ladies came out in force, 28 of them voting. A great deal of hard work marked the election, but the side wanting the school houses changed could not muster enough strength to win out.

Will Live in Findlay.

Jacob Walters and family, who have been the guests of relatives in this city, will leave tomorrow for Findlay where they will reside. Mr. Walters will go this week to Kansas City where he will close up his business affairs and resign his position as marshal in the Oklahoma district.

The Gould Case.

The Clay Gould case was called at city hall this morning and was still on at a late hour this afternoon. The suit is for \$300 and the witnesses recounted their experiences during the strike when Gould claims his contract was violated by his being discharged.

LAST OF FRANK LENZ

A Brief Letter From a Missionary

TELLS THE STORY OF HIS DEATH

Koord All the Place Where He Is Thought to Have Been Murdered—Attorney Purinton Receives the Most Important Information Since Lenz Disappeared.

After months of weary waiting the friends of Frank Lenz have received information which may mean a great deal. The following letter received by J. J. Purinton tells its own story:

The letter was written at Erzroom on March 15 by Mr. Chambers who is a missionary in that city.

"You will probably notice in the Daily Telegraph of London a telegram concerning Mr. Lenz. I wrote you some time ago that Mr. Lenz had passed Chilgani village on the Alashgird plain. I have seen a man from that village and elicited the following:

"Mr. Lenz arrived in that village one evening a little before sundown. He became the guest of a man named Avak Parsegh. He was in good health and spirits. A number of villagers called to see him and his wonderful machine that evening. He spoke two or three words of Turkish, and made them understand that he came from Persia and was going to Erzroom. He left early the next morning. About one month later the villagers heard that he had been killed in the vicinity of Koord Ali. You will remember that this is one of the three Koordish villages in the mountains through which he would have to pass in crossing the mountains to Dela Baba. It is the first village he would reach in the mountains, about five miles from the Armenian village of Zedikan, the last Armenian village on the plain. The information was not definite as to the killing of Mr. Lenz. It was hearsay testimony and therefore I did not cable it to you of his having passed Chilgani. I would judge that Mr. Lenz reached Chilgani the 9th of May, so in all probability he was killed on the 10th or 11th of that month. He was spoken to at Diadin on the 7th, and would have time to get to Chilgani by the 9th or at the latest, the 10th. With kindest regards, Yours very truly, W. B. CHAMBERS.

BEAN BAKE TO-NIGHT.

Everything in Readiness for an Oh-So-Joyful Time.

Everything is in readiness for the jubilee at the rink to-night. The veterans met last night at G. A. R. hall and completed details, after which the "Sweet Singers of Israel's Camp," composed of talent from the boys who wore the blue, practiced on songs which will make patriotic blood rush through the veins of the audience this evening. You can't afford to miss this rich melody. Supper opens up at 5 o'clock, and the table, covered with the good things of this life, will tempt you until 9 p. m. The lady waiters will accord you a hearty welcome. Supper and admission will cost you but 25 cents. It is not a lunch, but a gloriously rich meal which awaits you. Over 300 tickets for supper have already been disposed of.

The Ladies' Drill brigade met for practice last night. The members are doing excellent work, and their movements in the military drill will be a genuine source of pleasure to you.

Eight Sons of Veterans will also drill tonight. They have been drilling but for a few nights, some of the number never having handled a gun before; but they have made rapid progress in the manual of arms and in foot and company movements. They contemplate keeping up the drill hereafter, until they become proficient in everything pertaining to the squad.

The Woman's Relief corps has been working indefatigably for the success of the present anniversary of Lee's surrender at Appomatox, and as the ladies of this organization know no such word as "fail," you can rest assured that their part of the program will be a rich one. Don't miss the Bean Bake at the rink tonight.

OIL MEN EXCITED.

Smith's Ferry Feeling the Boom in Oil.

The Smith's Ferry people who come to this city are happy because oil is high, and they are making money. The output of the field around the place is several hundred barrels every day, and for a long time it has been a drug on the market. Owners of wells have been receiving a price so low that oil was not considered a bonanza, and it has been cheap so long that little faith was placed in higher fig-

MORE RAILROAD TALK

Cleveland, Lorain and Wheeling Is the Line.

AN EXTENSION TO PITTSBURG

One Official Was Here Looking After the Prospects of the City—The Best North and South Road of Ohio May Pass Through East Liverpool.

There is another railroad rumor in the air, and the few people who know anything of it are wondering if it will amount to more than the countless number of dead stories of railroad building now lying around the city.

An official of the Cleveland, Lorain and Wheeling railroad was here from Saturday to Monday and improved the hours of his stay by looking over the city. He talked with several persons regarding the future of East Liverpool, and obtained what information any stranger asking leading questions could get. He said nothing of the extension of the road to this city, but the News Review has been informed that the company would like to see their trains running along the river to Pittsburg. It is known that the C. L. & W. people have been anxious to get into Pittsburg since the line passed into the hands of the Cincinnati, Hamilton and Dayton company. At that time it only reached Lorain, but since then has been built to Cleveland. It is the best north and south road in Ohio, and hauls vast quantities of coal to the lake. Its terminal facilities at Bellaire are all that could be desired, and it does a large business in Wheeling. With a line from Bellaire to Pittsburg the road would necessarily pass on this side of the river and through this city. If there is anything in the project it will not be long in developing, as the officials of the company are pushing men who do not allow the grass to grow under their feet. They have greatly improved the line since the late change, and will push the road to Pittsburg if the extension is to be built.

Do You Know Him?

The man whose body was found in the river at Georgetown has not been identified, although the following description has been sent out by Squire J. M. Reed.

"The man was apparently about 40 years old, stout, baldheaded, 5 feet 8 inches tall, and weighing about 150 pounds. He had on a 'salt and pepper' shirt, blue overalls, light colored socks and No. 8 shoes. On his right arm was tattooed a five-pointed star, and his pockets contained a two-bladed knife, three door keys, a pocket-book and \$1.44. The body had evidently been in the water a long time. Any person wishing further information should address the justice of the peace at Georgetown."

Crockery Salesmen.

Mr. Lawrence, a prominent crockery and glass dealer of Minneapolis, is in town today the guest of Clarence Davis, traveler for the Union.

Frank I. Simmers, of the Specialty Glass company, and Evas Sebring, of the Sebring Pottery company, will soon leave for a trip through the east.

Ed Way, the New York agent of the Thomas company, is in the city on business.

A Difference of Opinion.

The scale was presented by the Typographical union to the Wellsville offices yesterday, but no signers were secured. At the Standard office it was learned this morning that the firm would sign, but another tale came from the Union. Editor Hawley said that he would not sign the scale, and had already given his decision.

Physicians Meet.

The Ohio Valley Medical association is holding a well attended session in Knights of Pythias hall today. They dined at the Thompson House at noon. Several important papers are being discussed.

A Novel Entertainment.

The Daughters of St. George are arranging for an old English tea party, with which they will entertain their friends at Bradshaw hall in the near future.

Some of the Afflicted.

Mrs. Matheny, the aged mother of George Matheny, is very ill at the home of her son, Walnut street. The lady suffered from hemorrhages of the brain.

—Miss Mary Brookes returned today from a visit to Pittsburg, and is again on duty at the Western Union office.

EAST LIVERPOOL, O., TUESDAY, APRIL 9.

For President,
WILLIAM McKINLEY,
Of Ohio.

If there is to be no railroad across
Columbiana county some arrange-
ment might be made whereby East
Liverpool, Lisbon and Salem could be
connected by a pike.

In spite of the many good Republi-
cans in Ohio wanting to be the next
governor, there is little serious dissen-
sion in the party. After the nomina-
tion there will be a general rallying to
the banner of the winner.

The patriots of Cuba are battling
manfully for their liberty, and there
is a possibility that they will be suc-
cessful, but it will require better
material than any now on the island
to make a country fit for a union with
the United States.

The wool growers of this county
will not smile when they peruse
Dunn's report, and find that the im-
portation of wool has been so great
that all chance of an increase in the
price is already dead. They were
promised all sorts of good things if
they voted for Cleveland, and this is
the manner in which they are paid.

ALL the trade revivals in the world
will do the people of East Liverpool
no good provided the consumer does
not buy the ware made in this city.
If the big wholesale houses of the
country give the preference to foreign
ware, and have no time to deal with
American salesmen, their purchases
will do Liverpool no good. What we
need greatest is a protective tariff
that will keep out the foreign ware,
and give Americans their own market.

A BETTER OUTLOOK.

The St. Louis Globe-Democrat can
see great things in the future, arguing
in this way:

"Probably financial history is going
to repeat itself. In 1878 an advance
in prices, very much like that which
has just started, set in. The panic of
1873 had spent its force, and the re-
sumption of specie payments, sus-
pended since the beginning of 1862,
was to take place on January 1, 1879.
Hope, which had been banished for
several years, again made its appear-
ance. There was a general opinion in
the spring of 1878 that the financial
clouds had at last been dispersed, and
that the sunshine of prosperity was
about to dawn. That impression was
strikingly verified by the event. The
wheels of industry, long clogged or
impeded, began in the summer to
move freely; before the year ended the
panic was only a reminiscence, and
1879 and 1880 brought the greatest
activity and prosperity which the
country had known in 20 years. All
the signs in the financial sky point to
the advent of an era of business
activity and good fortune rivaling the
most prosperous periods of the past."

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction
City, Ill., was told by her doctors she
had consumption and that there was
no hope for her, but two bottles of
Dr. King's New Discovery completely
cured her and says it saved her life.
Mr. Thos. Eggers, 139 Florida St., San
Francisco, suffered from a dreadful
cold, approaching consumption, tried
without result everything else then
bought one bottle of Dr. King's New
Discovery and in two weeks was cured.
He is naturally thankful. It is such
results, of which these are samples,
that prove the wonderful efficacy of
this medicine in coughs and colds.
Free trial bottles at Potts drug store.

CHINA HAS AN ALLY.

Cholera Breaks Out Among the
Jap Troops.

400 CASES ARE REPORTED.

One Hundred Soldiers Have Died at the
Pescadore Islands—Great Fear of a Jap
Attack on Canton—Peace Negotiations
Progressing Favorably.

LONDON, April 9.—The Times today
publishes a dispatch from Kobe saying
that it is reported there that cholera has
broken out among the Japanese troops at
the Pescadore island. It is added that
400 cases of cholera have occurred, and
that of this number 100 persons have
died.

The correspondent of The Times at
Hong-Kong says that the Chinese of the
Island of Formosa are dissatisfied,
thinking that their exemption from the
armistice indicates that they have been
deserted by the Pekin authorities and the
foreigners on that island believe that
the Japanese would be welcomed after
a slight resistance. Foreign trad-
ers are at a standstill.

There is great fear at Canton at the
prospect of an attack by the Japanese.
The precautions taken to prevent a
Japanese approach have necessitated
suspension of night traffic on the river.

A Times dispatch from Bakan, near
Shimonoseki, says that the peace nego-
tiations are progressing favorably. The
terms demanded by the Japanese were
delivered to Li Hung Chang on April 1,
and are now under consideration. The
correspondent adds: "This seems to be
a mere formality covering a surrender
of the Japanese. The latter are ex-
tremely jealous of publicity until the
protocol is signed. A native newspaper
was promptly suppressed for making a
premature disclosure respecting the
armistice."

"Increased precautions are being taken
to protect the Chinese mission, and
every person entering the town of Bakan
where the mission is quartered, must
carry a permit and submit to being
searched. The place is crowded with
soldiers and police and the mission, in-
cluding its American adviser, Mr. John
W. Foster, and his staff, is confined to
a narrow area in the center of the town.
The victory's health is good, and he is
working hard."

21 PERSONS KILLED.

A Terrible Mine Disaster on the Shore of
Lake Whatcom, Wash.

NEW WHATCOM, Wash., April 9.—
News has been received of a terrible
explosion in the Blue Canon coal mine
on Lake Whatcom, seven miles from
this city. Ten dead bodies have been
taken out and 11 are still in the mine.
Every possible effort is being made to
rescue them.

A steamer has gone out from this
city with Superintendent Donovan,
three physicians, ten miners and press
correspondents on board. The mine
was inspected about three weeks ago
and pronounced safe. Twenty-one per-
sons were killed.

An American Swindles Frenchmen.

PARIS, April 9.—A man giving the
name of Ewing, claiming to be a rich
American and possessing 7,000,000
francs according to face value, in shares
of the so-called Rock Island, Peoria and
St. Louis Railway company, has lately
been staying at the swell hotel Conti-
nental and succeeded in borrowing 4,000
francs on these shares. The lender of
the money, however, cabled to New
York and found no such company as the
Rock Island, Peoria and St. Louis rail-
way existed. Ewing was then arrested.

Barn and Little Girl Burned.

WHEELING, April 9.—Absalom Court-
right and wife, living near Glen
Easton, left home for a visit to Cam-
eron, Marshall county, leaving their
6-year-old daughter in charge of an
aged man who lived with them. On
returning they found their barn burned
to the ground, together with its con-
tents. The little girl had perished in
the flames. She had been playing with
some matches in the barn and had set
fire to the straw.

A Minister Accepts a Call.

WASHINGTON, April 9.—The call
which has been extended by the con-
gregation of the New York Avenue Pres-
byterian church to the Rev. Wallace
Radcliffe of Detroit has been accepted
by the latter.

True Bill Against Caesar.

NEW YORK, April 9.—A true bill has
been found against William Caesar,
colored, by the grand jury for the mur-
der of Mary Martin, his mistress.

EVERYBODY knows B. M.

tery Co. He has had experience

THE TONSILINE COMPANY:

For the last year I have always
had TONSILINE in my house, and
I, as well as other members of
my family, have had occasion to
use it a number of times for
trouble such as sore throat, in-
flamed tonsils and tonsillitis.

We regard TONSILINE as a
throat remedy of unusual merit,
as our experience proves that it
will do all you claim for it. Every

SUSTAINED BY MCKINLEY.

He Refuses to Dismiss Cincinnati's Police
Commissioners.

COLUMBUS, April 9.—Governor Mc-
Kinley today sustained the three police
commissioners of Cincinnati who re-
fused to vote for the removal of Lieut-
enant Hehean. The story runs thus:
"A committee of the Reform league
asked Hehean to arrest certain persons
who were giving a theatrical exhibition
on Sunday. The lieutenant refused,
stating he had been instructed by
Mayor Caldwell to make such arrests at
the close of the performances and upon
proper proceedings. The officer being
sustained by three police commissioners,
the league carried the case to the gov-
ernor, who appoints police commis-
sioners for Cincinnati. The league desired
the dismissal of the officer."

TO RAISE WAGES.

An Attempt Will Be Made at the Amal-
gamated Convention in Cleveland.

CLEVELAND, April 9.—The representa-
tives of the Amalgamated Association of
Iron and Steel Workers in this city say
that an attempt will be made at the
convention which meets here next
month, to raise the scale of wages. It
is said that the price for puddling will
be increased from \$4 to \$5 a ton.
One of the officers of the association
said that the improvement in the iron
business warranted the advance, and
the settlement of the controversy be-
tween the association and the Finish-
ers' union leads to the belief that the
demand for it could be maintained. It
is expected that about 250 delegates will
attend the convention next month.

A Trick of the Operators.

MASSILLON, O., April 9.—The appar-
ent war among the coal operators of this
district, which has resulted in a
heavy cut in the price to consumers,
was doubtless organized with the pur-
pose of getting back the markets which
have been lost during the long strike.
As evidence of this it is said that Mas-
sillon coal is today selling in Toledo for
\$1 a ton less than coal from the Jackson
(O.) field. The operators feel that some-
thing must be done to increase the ton-
nage for the Massillon district. With
the miners working from 12 to 18 days
a month there is great dissatisfaction,
and all feel that steady work at a close
margin would be better. The demand
for Massillon coal has been greatly
stimulated by the cut in prices.

Campbell's Mother Ill.

MIDDLETOWN, O., April 9.—Mrs.
Laura P. Campbell, mother of ex-Gov-
ernor James E. Campbell, is lying at
the point of death in her rooms in the
United States hotel here. She was
taken ill a few days ago with la grippe,
which soon developed into pneumonia.
Her age, 77 years, renders any possi-
bility of recovery very doubtful. Mrs.
Campbell is the oldest living resident
of Middletown, having resided here for
almost 75 years, coming here with her
parents when an infant.

Incorporated in Ohio.

COLUMBUS, April 9.—The following
articles of incorporation were filed in
the office of the secretary of state:
Adams Bagnall Electric company,
Cleveland, capital stock \$150,000; Mis-
sionary Church of Christ, Lima; Salem
Library association, Salem; R. P. Willis
company, Springfield, capital stock
\$20,000; Cleveland Whist company,
Cleveland; Church of the United Breth-
ren in Christ, Van Wert.

A Coatmakers' Strike.

CINCINNATI, April 9.—A meeting of
the Coatmakers' Protective association
has been held, at which nothing was
done other than to arrange for promot-
ing a strike. Steps were taken to pre-
vail on the coatmakers of Covington
and Newport to join the strike. Nothing
was divulged about securing a sympa-
thetic strike from other branches of
tailoring operatives.

Smallpox at Wellington.

WELLINGTON, O., April 9.—Martin
Barriek, who died of smallpox here,
has been buried. His wife is very bad
with the same disease. Lewis Barriek,
father of the deceased, and who had
the first case, is nearly well. Strictest
quarantine has been used against any
spreading of the disease. No further
cases are expected outside of this
family.

Will Increase Ohio's Revenue.

CINCINNATI, April 9.—Judge Taft has
dismissed the demurrers of the express,
telegraph and other companies to the
manner in which the valuations had
been fixed for taxation under the recent
Nicholas law. The supreme court had
previously sustained the law. The
decision will produce much revenue for
the state from the Nicholas tax.

A Murder at Columbus.

COLUMBUS, April 9.—Hezekiah Scott,
colored, has been found in an uncon-
scious condition in Stone alley. His
skull was fractured and his face crushed.
He had been struck with a brick. A
man named Tanner, who is supposed to
have committed the assault, is being
searched for by the police. Scott will
probably die.

A Farmer Murders His Son.

CALDWELL, O., April 9.—John Ste-
phens, a farmer residing in Marion
township, Noble county, has murdered
his son by striking him on the head
with a club. The son refused to give
his father \$2 upon demand, and this led
to the crime.

Pittsburg Operators Refuse.

COLUMBUS, April 9.—The Pittsburg
coal operators have refused to meet the
operators of Ohio, Indiana and Illinois
in joint conference with the miners for
the purpose of agreeing upon a new
schedule of wages.

McKinley in the East.

COLUMBUS, April 9.—Governor Mc-
Kinley, accompanied by State Librarian
Joseph P. Smith, is at Hartford, where
the governor addresses the McKinley

NEXT WEEK

The New Board of Education Will Organize.

The board of education met last night and finished the business in connection with the clock.

The bill of John I. Hodson for \$8.83 and that of the East Liverpool Coal Company for \$1.87 were ordered paid and clock committee reported. They stated that the clock had been purchased for \$765, about one half the amount the board had expected to pay for the time piece. This price is several hundred dollars lower than any competing bids, and because the contract is made with the Seth Thomas company, the board feel that it is especially advantageous. A guarantee to keep the clock in good order for five years is one of the principal features of the contract, and the agent stated that it would not vary one minute in a month. The clock is to be placed in the tower and be informing the people the right hour every day in two months. It will strike every hour, the members of the committee thinking that confusion would be created if the half hours were marked.

The meeting last night was held at the private office of Secretary J. M. Kelly, but the board will assemble next Monday night at the office of George Owen, First National bank building, when unfinished business and the organization of the new board will be effected. The old board has done effective, intelligent work, and richly deserves warm commendation at the hands of the taxpayers and citizens of East Liverpool. J. M. Kelly was first elected in the year 1870, and has served continuously ever since that date, with the exception of two years. Colonel Hill and Colonel Vodrey served some 25 years, retiring about four years since, refusing to serve longer. N. A. Frederick was elected in 1870, also dropping aside some four years ago, believing that he had served his full time and deserved a furlough. He was elected continuously, as were Vodrey and Hill. B. C. Simms was a member of the board some 20 years, doing splendid duty for his fellow citizens and retiring voluntarily. Messrs. Taylor and Kittell have been on deck for quite a number of years. Kittell retired voluntarily at the late election, while Mr. Taylor has another year to serve. William Cartwright and Christian Metsch held positions on the board for a number of years.

Colonel Hill filled the position of clerk all the time he was upon the board, and he filled it in the most acceptable and trustworthy manner. It has been said, by men who know what they are talking about, that the colonel was instrumental in saving snug sums of money to the taxpayers during his term of office.

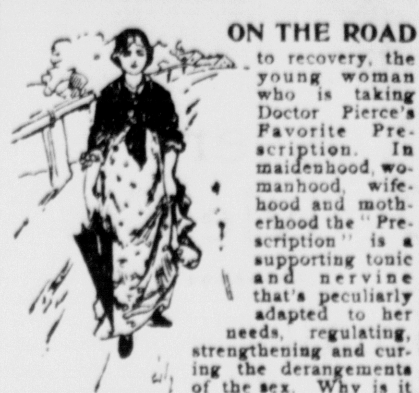

The old boards of education were men thoroughly conversant with business and business principles, and they paid the closest attention to every detail of business connected with the city, scanning bills even more carefully and considerably than they would have done had said bills been connected with their own private concerns. For many long years the board met on each Monday evening, and it was an exceedingly rare affair to miss a meeting. All honor should be accorded to the men who have so carefully and intelligently held watch and ward over the educational matters of East Liverpool.

ON THE ROAD

to recovery, the young woman who is taking Doctor Pierce's Favorite Prescription. In maidenhood, womanhood, wifehood and motherhood the "Prescription" is a supporting tonic and a nerve tonic that's peculiarly adapted to her needs, regulating, strengthening and curing the derangements of the sex. Why is it so many women owe their beauty to Dr. Pierce's Favorite Prescription? Because beauty of form and face radiate from the common center—health. The best bodily condition results from good food, fresh air and exercise coupled with the judicious use of the "Prescription."

If there be headache, pain in the back, bearing down sensations, or general debility, or if there be nervous disturbance, nervous prostration, and sleeplessness, the "Prescription" reaches the origin of the trouble and corrects it. It dispels aches and pains, corrects displacements and cures catarrhal inflammation of the lining membranes, falling of the womb, ulceration, irregularities and kindred maladies.

"FALLING OF WOMB."

Mrs. FRANK CAMPFIELD, of East Dickinson, Franklin Co., N. Y., writes: "I deem it my duty to express my deep, heartfelt gratitude to you for having been the means, under Providence, of restoring me to health, for I have been so afflicted with the falling of the womb—inflammatory and bearing down sensations and the doctors all said they could not cure me. Twelve bottles of Dr. Pierce's wonderful Favorite Prescription has cured me."

James McCullough, \$50; Engineer Joshua Curfman, \$50; Board of Health bill, \$106.60; Ohio Valley Gas company, \$129.90; John I. Hodson, \$1.15; Operator Harry Yates, \$6.90; Martin W. Elliott, \$6.75; Purinton & Shawke, \$7.10; rents for polling places, \$35.

The bill from Purinton & Shawke for repairing a sleigh was held over, as there seemed to be no reason why the city should pay it. Councilman Burton had a bill for \$5.80, a portion of which was for expenses when Street Committee inspected the street sweeper in Pittsburgh, but the committee held it until to-night. The same action was taken on the bill of President Berg, which provided for expenses to Pittsburgh and Lisbon. Colonel Hill asked \$25 for services in the case of George H. Deidrick against the city, but he must wait until to-night. The balance of \$30.74 claimed by Solicitor Clark for services in the board of health matter was retained, but all the bills of board of health were paid. The ferry matter was discussed at length, and Clerk Hanley was ordered to take further steps, but informed the committee that he had already spoken to the solicitor regarding the claim of the city. There was a general objection against the bill of the Ohio Valley Gas company on the ground that the charge for five months gas was outrageous.

At the Grand.

The Punch Robertson Company appeared at the Grand last night in "Man and Master," a play that pleased the large audience immensely. The characters were fair without exception, and those deserving of especial mention were Punch and Donald Robertson, Nellie Callahan, Olga Von Brause and Nina Saville. The performance was all that could be desired and if last night's play was a sample, a successful week is predicted for the company. Tonight they will present "The Gold King," with a curtain raiser, and will continue each night this week, except Friday, when Stewart's "Two Johns" will hold the boards. It is a popular play with East Liverpool people, and will no doubt be greeted by a crowded house.

Good Words For Norris.

Squire A. M. Norris, candidate for county commissioner, has returned from a successful canvass of the county. From reports his chances are excellent. He will get a good vote all over the county. He is well known, having received a large vote in former canvasses. We are interested in his success, as he is from the southern part of the county and was formerly a principal of our schools.

PERSONAL MENTION.

—Mrs. Bella Clover, sister of Captain Palmer, who has been nursing Mrs. Palmer during her illness of the past three weeks, will return to her home in New Brighton, Pa., to-morrow.

LANSING'S APOLOGY.

He Withdraws His Statement Concerning the President.

HAS NO PERSONAL KNOWLEDGE

Of Mr. Cleveland's Habits—He Declares It a Conflict of Testimony Between Witnesses of Equal Credibility—Asked the Pardon of the President.

BOSTON, April 9.—Rev. Isaac J. Lansing, pastor of the Park Street church, in this city, who, in an address before the New England Methodist conference at Salem accused President Cleveland of drunkenness, has declared himself as follows on the subject:

"My allusions, made in a temperance address at Salem on Thursday, April 4, to the drinking habits of the president of the United States were based partly on common report and partly on the testimony of eye witnesses. From various and independent sources, which I believed to be wholly reliable, I had been informed that the president had been seen on different occasions, and in the presence of many persons, in an intoxicated condition. From the circumstantial and detailed character of these statements I supposed there was no doubt as to the facts alleged. I therefore made this allusion as a matter of common report, basing my confidence on the testimony of personal, and as I supposed, creditable witnesses.

"The names of these witnesses, obviously, I cannot with propriety reveal, since, sharing their knowledge in common with many others, they might justly shrink from being singled out and called to verify that which not only they, but others equally with themselves, had a clear proof. I must, therefore, say that if my statement reproducing such testimony is not in harmony with the facts, I regret having made it. I could have neither desire nor motive for saying anything unkind or uncharitable of the president or of any party whatever.

"The case being one of the conflict of testimony between witnesses of equal credibility, I cannot decide which, and since I have no personal knowledge, apart from the testimony, I withdraw the statements and tender apology and sincere regrets to the president of the United States and to the public."

CLEVELAND WASN'T DRUNK.

Chauncey Depew and Others Defend the President.

NEW YORK, April 9.—Indignation of the intensest kind has been exhibited in New York and other cities over the attack made upon President Cleveland at the New England Methodist conference by the Rev. I. J. Lansing of Boston, charging the president with drunkenness at a public dinner in New York.

The three dinners referred to were those of the chamber of commerce given at Delmonico's on Nov. 15, 1892; a dinner at the home of Henry Villard, two days later, and that given by the Reform club on Dec. 10, 1892.

Chauncey M. Depew said: "There is only one reply that can be made to such a story. It is absolutely contemptible and absurd. At the chamber of commerce dinner I sat near Mr. Cleveland. I saw him from the time that he came in till he went away. I can say that he was absolutely sober and in full command of his faculties. He conducted himself in the way that the world at large would expect from the president of the United States."

Frederick R. Condit said: "The suggestion or assertion that President Cleveland was drunk is too contemptible for notice. I was present at the Reform club dinner of that year. I sat next or almost next to the president and say that he from first to last conducted himself as a gentleman and in a manner befitting his office."

E. Ellery Anderson said: "I was one of the guests at the dinner given by Mr. Villard. Incidentally, too, I presided at the Reform club dinner. On both these occasions, as on every other on which I have met President Cleveland during an acquaintance of many years, he has conducted himself in a way, if possible, to increase the respect of his fellow men. We all felt proud of our president. He was always a gentleman."

Anna Dickinson's Case Resumed.

SCRANTON, Pa., April 9.—After an interval of a week, the action of Anna Dickinson to recover damages from those who were responsible for her incarceration in the Danville Insane asylum, in February, 1891, was resumed before Judge W. W. Acheson in the United States circuit court here. The plaintiff was called on the witness stand and made a general denial of statements made by witnesses. She gave some very wild testimony.

Killed by a Bad Negro.

MOBILE, April 9.—Near Bay Minetto, Detective Watts of the Louisville and Nashville railroad, Morgan Ashe, Jim Stewart and Mr. Wilkins, learning of the whereabouts of the notorious negro car thief and desperado known as Railroad Bill, went in pursuit of him. The negro, who was armed with a Winchester rifle, opened fire on the posse, killing Stewart almost instantly. The negro escaped in the darkness.

Mansur Very Much Worse.

WASHINGTON, April 9.—Mr. Charles H. Mansur of Missouri, assistant comptroller of the treasury, who has been confined to his bed for several weeks, is reported to be much worse and in a very critical condition.

Elected a Co-Rector.

CHARLESTON, April 9.—The Rev. J. Egelbert, recently of Marblehead, Mass., has been elected co-rector with Dr. C. Pinckney of Grace Episcopal church. He will not assume his duties until Oct. 1.

Argentine to Increase Her Navy.

BUENOS AYRES, April 9.—The government of the Argentine Republic will shortly order six torpedo boats and two cruisers, the total cost of which will be \$5,000,000.

BISMARCK PRAISES WOMEN.

They Have Had an Important Influence on Germany's Development.

FRIEDRICHSTADT, April 9.—A deputation of professors has visited Prince Bismarck and presented to him an address. The prince, in reply, said that the distinctions conferred on him were also intended for his co-workers with whom, in certain respects, he was on a similar footing. He himself had only done his duty, but by God's blessing his efforts had been crowned with success. The feelings of gratitude shown him were mutual, as without the work of the professors in the education of youth no results could be attained. It was the teachers who implanted the germs of love for the Fatherland, and later, a proper appreciation of political affairs.

Bismarck then alluded to the influence of women on the national development as an important step, followed, 50 years ago, he said, no woman thought of exercising influence in this direction, but now mothers fostered national feeling in their children. In conclusion, the prince said he was nearing the end of his days and contemplated with perfect calmness the declining rays of the sun.

TO THE PUBLIC.

Mr. W. J. Harvey has purchased the grocery at corner of Robinson and Walnut streets, lately owned and controlled by A. W. King.
